DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

Docket No. FAA-2016-4235; Airspace Docket No. 16-ASW-6

Amendment of Class E Airspace; Ash Flat, AR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the airspace designation and airport name in Class E airspace by changing the designation from Cherokee Village Airport, AR, to Ash Flat, AR; and changing the airport name from Cherokee Village Airport to Sharp County Village Airport, Ash Flat, AR. These changes reflect the current information in the FAA's aeronautical database.

DATES: Effective 0901 UTC, July 21, 2016. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Sharp County Regional Airport, Ash Flat, AR.

History

In a review of the airspace, the FAA found that the airport designation and airport name for Cherokee Village Airport, AR, as published in FAA Order 7400.9Z, Airspace Designations and Reporting Points, has changed. This is an administrative change removing Cherokee Village, AR, from the Class E designation, and establishing Ash Flat, AR, in its place, and changing the airport name from Cherokee Village Airport to Sharp County Regional Airport, Ash Flat, AR. The geographic coordinates of the airport also are adjusted.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Z

dated August 6, 2015, and effective September 15, 2015, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Z, Airspace Designations and Reporting Points, dated August 6, 2015, and effective September 15, 2015. FAA Order 7400.9Z is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.9Z lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends Title 14, Code of Federal Regulations (14 CFR) part 71 by removing the airport designation Cherokee Village, AR, and airport name of Cherokee Village Airport from Class E airspace extending upward from 700 feet above the surface, and establishing the new designation, Ash Flat, AR; and airport name, Sharp County Regional Airport, Ash Flat, AR, in its place. The geographic coordinates of the airport also are adjusted.

This is an administrative change amending the airspace designation for Sharp County Regional Airport, Ash Flat, AR, to be in concert with the FAA's aeronautical database, and does not affect the boundaries or operating requirements of the airspace; therefore, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866;

(2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.
